State-of-the-art Data Center Facilities & Data Center Park Capacity:

Current Operational Facilities:

- ▶ Chennai (Sriperumbudur): DC Park Capacity 180 MW
 - 390,000 sq.ft., 30 MW
 - IGBC Platinum-certified, sustainable operations
- ▶ Mumbai (Panvel): DC Park Capacity 120 MW
 - 15,000 sq.ft., 2 MW
 - High-density infrastructure, fully compliant operations

Hyperscale Data Center Parks: 150 MW

Planned Expansion

Navi Mumbai

2 x 20 MW at Mahape

Bengaluru

2 x 30 MW Whitefield

Hyderabad | Kolkata | Delhi NCR & More

Why Choose L&T-CLOUDFINITI?

Global excellence in AI & cloud

Backed by L&T's trusted legacy

01

02

Green & sustainable innovation

Committed to carbon-neutral & energy-efficient operations

Enterprise-grade Security & compliance

Ensuring data sovereignty & resilience

Scalable & cost-Optimized AI cloud

Minimize total cost of ownership (TCO)

03

04

05

Expert-led 24x7 support & managed services

End-to-end operational excellence

Join the L&T AI Cloud Ecosystem

Exclusive Benefits for Startups & Enterprises

AI-Cloud Integrations, Industry Expert Connect & Live Demos

Robust Security & Regulatory Compliance

Expert-Led, 24x7 Support

Comprehensive AI advisory & consulting

Robust security & regulatory compliance

Exclusive AI & cloud ecosystem For innovation

Priority onboarding, free credits, & flexible trials for new clients
